## Request for approval to attend: NAPEC North Africa Petroleum Exhibition and Conference 2019

Dear

I am interested in attending the upcoming NAPEC 2019 taking place from 10-13 March 2019 at Oran Conventions Center, Algeria.

I am confident my attendance would be highly beneficial to our company because across the 4 days of 2019, the show provides the opportunity to participate in 150 strategic and technical presentations across the upstream, midstream and downstream disciplines of our Oil & Gas industry.

Attending as a delegate means that through in-depth case study presentations and comprehensive knowledge exchange sessions I will have access to the latest cutting edge technical solutions being deployed and implemented across the industry as well as an opportunity to hear from the industry's strategists and visionaries.

NAPEC is a world class exhibition & conference where more than 700 companies from across the global Oil & Gas and energy value chain will be showcasing their products, services and innovative technical solutions to an anticipated 30 000 trade professionals from 42 countries.

I am keen and motivated to register as a conference delegate to:

- Learn about cutting edge technologies and solutions that integrated energy companies and their project partners are bringing to some of the most complex challenges facing the global oil and gas industry sector.
- Meet the experts behind innovations from over 42 countries, acquiring new technical insights by attending 25 focused technical sessions and 20 strategic sessions.

I would like to request approval to attend as a delegate which costs Below is a complete breakdown of my estimated event costs:
